- 4) On the Installation page, make sure the Language is set to “English (United States)” and then click install. NOTE: By default Office 365 installs the 32-bit version-Do Not Change. BCPS does not recommend installing the 64-bit installation due to compatibility issues.

5) At the bottom of the screen, select Run.

- 6) Follow the prompts and accept the license agreement.
- 7) When you see “You’re good to go,” select “All Done!”.

If you have any issues installing the software, or would like instructions for installing Office 365 on Apple or mobile devices, please click the “Troubleshoot Installation” link on the main installation page.
